

EARTHWORKS D.E. FILTERS

Swimming Pool Filters

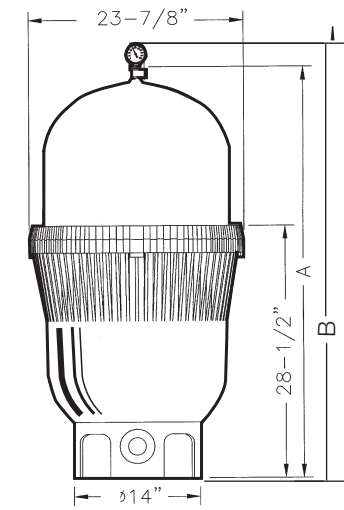

Filters

Features

- **NEW! Surestitch™ grids with SeamLok™ stitching** offer optimum seam strength and wear. Straight, vertical design reduces bridging and provides more uniform flow during filtration.
- **Unique Ring-Lok™ access** allows “tool-free” entry to all internal parts without disturbing the plumbing.
- **Built in “tooth” on Ring-Lok™** allows you to easily disengage lid from tank bottom.
- **Modular grid assembly** allows easy removal for inspection and cleaning.
- **Exclusive "Earthshake" regeneration** allows you to extend the filter cycle between cleaning.
- **Top mounted grid manifold** is designed to purge trapped air and ensure 100% grid utilization.
- **Patented built-in valve** is easily removed for service. It eliminates an external valve and excess plumbing.
- **2" threaded ground level plumbing** allows for easy installation.
- **Convenient easy measure DE scoop** included with each filter.
- **Easily convertible from D.E. filter to Tri-C.L.O.P.S. element filter.** See page 57.

Dimensions

Model	Vert. Space		
	A	B	Required
EW75	38-1/2"	41"	59"
EW100	44-1/2"	47"	71"
EW125	50-1/2"	53"	83"
EW150	56-1/2"	59"	95"

Performance

Model	Filter Area	Flow Rate GPM	Total Gallons Circulated		D.E. Required
			6 Hrs.	8 Hrs.	
EW75	35 ft ²	70	25,400	33,600	8 scoops
EW100	45 ft ²	90	32,400	43,200	10 scoops
EW125	57.5 ft ²	115	41,400	55,200	13 scoops
EW150	70 ft ²	140	50,400	67,200	15 scoops

Ordering Information

Model No.	Order No.	Description	Wt.
EW75	9408-0075	70 GPM D.E. Filter	100
EW100	9408-0100	90 GPM D.E. Filter	113
EW125	9408-0125	115 GPM D.E. Filter	128
EW150	9408-0150	140 GPM D.E. Filter	140

Note: For parts, see page 104.
